Trainee credential holders	0%	0%	4%
Emergency permit holders	0%	0%	2%

SOURCE: 2004 CBEDS data, California Dept. of Education. County and state averages represent elementary schools only. Because teachers can hold more than one type of credential, percentages rarely add up to 100 percent.

Our teachers bring an average of 27 years of teaching experience to their classes. About 100 percent have a full credential. Statewide about 96 percent of elementary school teachers hold this credential.

MEASURES OF ACADEMIC PROGRESS

We track our school's academic achievement over time with two measures: the Academic Performance Index (API) and Adequate Yearly Progress (AYP). These measures combine test results differently and often provide conflicting views of student progress.

Academic Performance Index (API)

This is California's way of rating schools. The API is based on student test scores, and it rates schools on a scale from 200 to 1000. The state expects schools to obtain an API of 800. Underperforming schools have APIs falling in the bottom half of all schools in the state and are eligible for state-funded programs to improve student achievement. Our school's API was 686, compared with 752 for the average elementary school.

Adequate Yearly Progress (AYP)

This is a federal measure that requires schools to meet test score goals schoolwide and for subgroups* of students. If just one group of students fails to meet its goals, the school does not make AYP. Program Improvement (PI) schools did not make AYP for two or more years in a row in the same subject. They must offer students transfers to other schools in the district and, in their second year in PI, tutoring services as well.

CALIFORNIA API ACADEMIC PERFORMANCE INDEX		FEDERAL AYP ADEQUATE YEARLY PROGRESS	
Met schoolwide growth target	No	Met AYP	Yes
Met growth target for prior school year	Yes	Met schoolwide participation rate	Yes
API score	686	Met schoolwide test score goals	Yes
Growth attained from prior year	-119	Met subgroup* participation rate	N/A
Met subgroup* growth targets	Yes	Met subgroup* test score goals	N/A
Governor's Performance Award	Yes	Met schoolwide API for AYP	Yes
Underperforming school†	No	Program Improvement school	No

SOURCE: API growth score, spring 2005 test cycle. API and AYP current as of January 2006.

* - Includes English learners, special education students, low-income students, and ethnic groups that must meet separate API and AYP goals.

N/A - Data were not available or not reported; the number of valid test scores was too small for statistical significance; the school or district is changing the testing data and a new API will be released in 2006; or the school participates in an alternative accountability program.

† - Includes schools participating in the Immediate Intervention/Underperforming Schools Program and the High Priority Schools Grant Program.
